

Empower your employees everywhere with Workday for mobile.

Intuitive, personalized digital experiences are more important than ever. With most of the world's workforce now deskless, employees need flexibility, control, and the opportunity to quickly access information and top tasks at their fingertips.

The Workday mobile app is designed for deskless workers and managers who are on the go. Employees can complete critical, day-to-day tasks from anywhere, while managers are empowered with insights that keep them up to date so they can meet with their employees where they are.

An intuitive and personalized mobile experience empowers workers to complete timely actions, such as check-in and checkout, right from their mobile device.

Five ways Workday for mobile supports your employees and drives business outcomes.

- 1 **Quickly and securely** access the Workday mobile app with biometric login.
- 2 Drive **efficiency and productivity** with consumer-grade digital experiences that make day-to-day actions effortless. Employees can use their phone's built-in camera to submit expenses, scan products in the warehouse, and more.
- 3 Ensure **safety and compliance** while guaranteeing accuracy in timekeeping and attendance tracking by setting your own parameters on specific locations.

Key Benefits

- Simple and intuitive
- Seamless access to top tasks and information for the entire workforce
